Dear President Milei,

LETTER OF INTRODUCTION / PARTNERSHIP FOR A LASTING SOLUTION INROAD ON THE “PRIORITY OF LIFE PARADIGM (POLP)” FOR TERRORISM TITLED “BEYOND COUNTER-TERRORISM WORLDWIDE (BC-TW)”.

First, on behalf of my humble self Peter A-E. Okorugbo-Goodnews, organisation, friends and partners, we sincerely commend your open position in support of Israel, the only nation directly created and ordained by God. We are proud of you and others. God bless you indeed.

Following the impasse, puzzle and recurring security challenges of terrorism beyond domestic clime as a global phenomenon and the necessity for peace and security; the bedrock upon which society thrives, we write to bring the above subject matter of expedience and exigency to your attention for adoption to innocuously change the narrative.

Beyond Counter-Terrorism worldwide ((BC-Tw), is an innocuous lasting solution Priority Of Life Paradigm (POLP) peace-making tripod, viz: 1). Study, 2). Desk and, Legislation with a global application for institutional glocalization and development to the impasse and puzzle imposed by the contextual correctness of terrorism that has defied and eluded domestic and global inroads over the years.

Attached for your perusal is our proposed Bill in Nigeria currently at the desk of the Chairman, Senate Committee on National Security and Intelligence which, I will like His Excellency to take up also for replication in Argentina to the world having been convinced of your position.

By the foregoing, I humbly appreciate the opportunity of an audience to shed more light on this global turning point possibility at our disposal for the world to provide the required necessary content for this tripod model.

I look forward to your cooperation and partnership herein in service to humanity and global society to restore the sacredness and priority of life, save more lives, critical infrastructures, resources and, to mobilise and recruit foes into allies from all sides of the divide including terrorists.

Thank you,

Sincerely,

Amb. Dr. (UN / WOA),

Peter A-E Okorugbo-Goodnews,
